THE IDEAS PARTNERSHIP: A CHANCE FOR EVERYONE TO MAKE A DIFFERENCE IN THE COMMUNITY AND ENVIRONMENT!

In this edition, KDWW is going off the beaten path and sharing something different with you.

Introducing you with The Ideas Partnership (TIP): an NGO focused on addressing environmental, educational, and social challenges in marginalized communities in Kosovo, particularly among the Roma, Ashkali, and Egyptian communities.

They offer support through education programs, social enterprises, and volunteer initiatives. Their work also extends to environmental preservation, cultural heritage projects, and empowering women and children. The organization relies on donations and volunteers to drive sustainable community change.

“After a decade in improvised cold concrete spaces with inappropriate access, the children we work with – and the young mothers and those with special needs, and anyone from the local community who needs somewhere to come together and speak and develop – have a bright, clean, modern, easy-access space designed according to green principles and built by, with and for local people. We’re still raising money to finish making all the classrooms operational..”

At TIP donations are welcome, volunteering greatly appreciated, and doors always open.
